Reference is made to your letter dated July 14, 1976 captioned "Request of the Estate of Dr. Martin Luther King, Jr. instructing that certain material concerning King previously furnished to the Senate Select Committee on Intelligence Activities (Church Committee) now be furnished to the King estate; my letter dated August 2, 1976, forwarding for your concurrence a Memorandum of Understanding (MOU) incorporating procedures and guidelines for use in fulfilling your instructions; and letter dated August 10, 1976, from Mr. Michael E. The exception noted relates to derogatory material concerning Mr. Stanley David Levison and Mr. and Mrs. Harry Wachtel which is included in the documents to be given to King estate. Re Bureau phone call to St. Louis, 8/24/76, and St.
Louis telephone call to Bureau, 8/25/76.

Review of St. Louis files reflects that military
record of JAMES EARL RAY was reviewed on two occasions,
9/13/67 and 4/22/68. Both of these reviews were accomplished
by IC [REDACTED] He was telephonically contacted by the
St. Louis Division on 8/24/76, and advised that military file
was returned to MPRC personnel following completion of both
file reviews.

Retired SA HAROLD R. DOBSON, MURKIN Case Agent,
was contacted on 8/25/76, and stated that to the best of
his memory the original military file of RAY, or a photostatic
copy, was requested by the Bureau and sent to them by St.
Louis. He assumed it had been returned.

Current records at MPRC contain only one reference
to RAY's military file. This consists of a partially burned
charge-out slip which is undated. It reflects that MPRC
personnel [REDACTED] and [REDACTED] sent the original
file to [REDACTED], Liaison Office, Department of Army,
Washington, D. C., FTS telephone number 697-0716. She was
telephonically contacted on 8/24/76, and advised that RAY's
record had been returned to St. Louis MPRC several years ago.

MPRC personnel recall inquiries from U. S. Attorney's Office in Memphis making inquiry concerning RAY file and possibility exists that that office may have requested and not returned the file.

The July, 1973 fire at MPRC destroyed a substantial portion of the records on the 6th Floor which would have been the storage place for the RAY file had it been returned.

St. Louis Division can only conclude that the original file is in one of three places: Liaison Office, U. S. Army, Washington, D. C., U. S. Attorney's Office, Memphis, Tennessee, or charred beyond restoration in July, 1973 fire.

DETAILS

[S] b(1)
As you are aware, the Attorney General (AG) has ordered the OPR to conduct a review of our investigation of King. This Task Force consists of seven individuals who have been reviewing our files since May 1976. After reviewing all King assassination files and security files in a few Field Offices, the group plans to begin review of King security files at FBIHQ. This group has been given total access to our King related files at the direction of the AG. [u]

Task Force leader Fred Folsom has requested his group receive the same oral briefing provided the SSC. Folsom feels this briefing will provide valuable background information bearing on initiation of the King investigation. Folsom believes absence of such a briefing will leave a void in his group's review which is to be as thorough as possible. Folsom has stated that Michael E. Shaheen, Counsel of the OPR agrees with his view. (u)

Since this briefing has been provided the SSC and in order to be completely open and cooperative with the OPR review, it is believed that it is in the best interest of the FBI to provide the briefing. Representatives of the Intelligence Division will conduct the briefing during the week of 8/23/76. [u]

THE PRINCIPAL FILES OF INTEREST IN THIS REVIEW ARE AS FOLLOWS: ASSASSINATION OF KING CAPTIONED "MURKIN" (44-38861); MARTIN LUTHER KING, JR. (100-106670); COMINFIL OF SOUTHERN CHRISTIAN LEADERSHIP CONFERENCE (100-438794); COMMUNIST INFLUENCE IN RACIAL MATTERS (100-442529); COMMUNIST PARTY, UNITED STATES OF AMERICA - NEGRO QUESTION (100-3-116); STANLEY DAVID LEVISON (100-392452).

IT IS RECOGNIZED THAT, IN ACCORDANCE WITH THE FOREIGN OPERATION POLICY MANUAL, THE ABOVE FILES HAVE PROBABLY BEEN DESTROYED BY LEGAT. HOWEVER, MR. FOLSOM FEELS THAT CANVASSING ALL LEGATS IS NECESSARY TO ACCOMPLISH THOROUGHNESS IN HIS REVIEW.

THEREFORE, EACH LEGAT ADVISE FBIHQ OF EXISTENCE OF ANY ABOVE KING RELATED FILES OR IF SUCH FILES WOULD HAVE BEEN DESTROYED IN ACCORDANCE WITH EXISTING INSTRUCTIONS. SUBMIT RESULTS IN TELETYPE FORM TO REACH FBIHQ BY AUGUST 30, 1976. IF ANY FILES ARE LOCATED YOU ARE TO FOLLOW YOUR TELETYPE WITH AN AIRTEL ENCLOSING ONE XEROX COPY OF EACH SERIAL. IT WILL BE NECESSARY ONLY TO XEROX THE FIRST PAGE OF ANY DOCUMENT IN YOUR FILES IF A COPY OF THAT DOCUMENT HAS BEEN SUBMITTED TO FBIHQ. THIS FIRST PAGE SHOULD CONTAIN THE LEGAT SERIAL NUMBER IN ORDER THAT DEPARTMENT CAN MAKE A COMPLETE CHRONOLOGICAL ACCOUNTING OF EACH SERIAL.

Foreign Operation Policy Manual calls for destruction of criminal files after one year and security files after three years in offices of Legal Attaches. Although it is unlikely any files exist, Legats should be canvassed for reasons given above.

FOR INFORMATION OF RECIPIENTS THE ATTORNEY GENERAL (AG) HAS ORDERED A REVIEW OF THE FBI'S INVESTIGATION OF MARTIN LUTHER KING. ASSIGNED TO CONDUCT THIS REVIEW IS A TASK FORCE WORKING UNDER DIRECTION OF THE OFFICE OF PROFESSIONAL RESPONSIBILITY (OPR) OF THE DEPARTMENT OF JUSTICE. THE ATTORNEY GENERAL HAS INDICATED THE REVIEW IS TO RESOLVE THE FOLLOWING FOUR QUESTIONS: (1) WAS THE FBI INVESTIGATION OF KING'S ASSASSINATION THOROUGH AND HONEST? (2) IS THERE ANY EVIDENCE THE FBI WAS INVOLVED IN THE ASSASSINATION? (3) IS THERE ANY NEW EVIDENCE WHICH HAS COME TO THE ATTENTION OF THE DEPARTMENT CONCERNING THE ASSASSINATION? (4) DOES THE RELATIONSHIP BETWEEN THE BUREAU AND KING CALL FOR CRIMINAL PROSECUTIONS, DISCIPLINARY PROCEEDINGS OR OTHER APPROPRIATE ACTION?

THIS REVIEW IS A CONTINUATION OF A "PARTIAL REVIEW" RECENTLY CONDUCTED BY THE CIVIL RIGHTS DIVISION OF THE DEPARTMENT UNDER DIRECTION OF ASSISTANT AG J. STANLEY POTTINGER. ALL PERSONNEL ON THE TASK FORCE ARE AUTHORIZED TOTAL ACCESS TO OUR FILES PERTAINING TO KING'S ASSASSINATION, OUR INTELLIGENCE INVESTIGATION OF KING AND ANY FILES RELATING TO BASIS FOR THESE INVESTIGATIONS. THIS WILL INCLUDE COVER PAGES OF COMMUNICATIONS CONTAINING IDENTITIES OF SOME FBI SOURCES AND INFORMANTS WHO WERE NOT AFFORDED SYMBOL NUMBERS AT THAT TIME AND INDIVIDUALS WHO EXPRESSED OR IMPLIED CONFIDENTIALITY.

TO DATE THE TASK FORCE HAS REVIEWED FBIHQ AND WFO FILES CONCERNING THE ASSASSINATION OF KING CAPTIONED "MURKIN," BUREAU FILE 44-33861. TASK FORCE MEMBERS HAVE TRAVELED TO MEMPHIS, MILWAUKEE, KANSAS CITY, OMAHA, SAN FRANCISCO AND LOS ANGELES AND REVIEWED MURKIN AND INTELLIGENCE INVESTIGATION FILES OF THOSE OFFICES. FUTURE TRAVEL BY THE TASK FORCE IS PLANNED FOR ATLANTA, BIRMINGHAM, CHARLOTTE, CHICAGO, NEW ORLEANS, NEW YORK, SPRINGFIELD AND ST. LOUIS.

AFTER ABOVE TRAVEL IS COMPLETED AND KING RELATED SECURITY FILES AT FBIHQ ARE REVIEWED, THE TASK FORCE WILL HAVE SEEN THE MAJORITY OF SERIALS IN OUR FILES RELATING TO THE KING INVESTIGATIONS. HOWEVER, SINCE IT IS THE GOAL OF THE TASK FORCE TO REVIEW KING RELATED FILES IN EVERY FIELD OFFICE, IT WILL BE NECESSARY TO FORWARD XEROX COPIES OF FILES FROM THE REMAINING OFFICES TO FBIHQ FOR REVIEW.

PAGE THREE 100-106670

THEREFORE, ALL RECIPIENTS WITH EXCEPTION OF THOSE OFFICES NAMED ABOVE, FURNISH FBIHQ ONE XEROX COPY OF EACH SERIAL CONTAINED IN YOUR KING ASSASSINATION FILE CAPTIONED "MURKIN." IT IS REQUESTED THIS MATERIAL BE PROCESSED AND MAILED TO REACH FBIHQ PRIOR TO AUGUST 9, 1976. THIS MATERIAL SHOULD BE SENT BY REGISTERED MAIL, ATTENTION DEPUTY ASSISTANT DIRECTOR INGRAM, INTELLIGENCE DIVISION.

IF MURKIN FILES CONTAIN ANY PHOTOGRAPHS, EXHIBITS OR OTHER ITEMS WHICH CANNOT BE XEROXED A BRIEF DESCRIPTION OF EACH ITEM AND ITS LOCATION SHOULD BE SET FORTH IN YOUR COMMUNICATIONS TRANSMITTING THE DOCUMENTS TO FBIHQ.

SUBSEQUENT INSTRUCTIONS WILL BE ISSUED CONCERNING SUBMISSION OF COPIES OF OUR INTELLIGENCE INVESTIGATION OF KING AND RELATED SECURITY FILES. OFFICES TO BE VISITED IN THE FUTURE BY TASK FORCE PERSONNEL WILL ALSO BE FURNISHED APPROPRIATE INSTRUCTIONS BY SEPARATE COMMUNICATION.

NOTE:

Since the Department must see these files, it is in the best interest of the Government to handle as above rather than have Task Force personnel travel to remaining offices for file review. According to existing inventories of King related files, no office has more than 10 volumes in the Murkin case other than Jackson and Mobile (11). The Department has requested Murkin files from the field be available at FBIHQ by 8/9/76. Submission of the security files will be dealt with at a later time.

The above procedure has been coordinated with Fred Folsom, OPR Task Force leader, SA J. W. Awe, Records Management Division and SA H. N. Helterhoff, General Investigative Division.

This is to advise of Bureau policy and procedures to follow when receiving information relative to threats against the life of Martin Luther King, Jr. In all instances, the Atlanta Office should be expeditiously advised so that the information can in turn be given to the Atlanta, Georgia, Police Department which covers King's permanent residence. This applies even though the threat indicates some action will be carried out in an area other than Atlanta. In addition, if the locale where the threat is to be carried out is known, the field office covering the locale should be expeditiously advised so that the information can be promptly furnished to local authorities.

The Bureau should be expeditiously advised of all threats and the information included in a letterhead memorandum suitable for dissemination. If the initial communication (such as a teletype or radiogram) does not include a letterhead memorandum, it should close with a statement that a letterhead memorandum follows. The initial communication should also advise as to what action the submitting office has taken and what, if any, further action it intends to take as well as action which is being requested of any other receiving offices.

Relative to advice to the Secret Service, you should be guided by the instructions contained in SAC Letter 65-10 (G), 3/9/65, "Agreement Between the Federal Bureau of Investigation and the Secret Service concerning Presidential Protection." Note particularly the applicability of Appendix B to the Agreement concerning the types of individuals to be referred to the Secret Service. Many of the individuals who make threats against King will fall into category number five of Appendix B.

POOR PEOPLES CAMPAIGN
RACIAL MATTERS

Reference is made to memorandum prepared at Charlotte North Carolina, on April 8, 1968, concerning captioned matter.

The late MARTIN LUTHER KING, JR., President, Southern Christian Leadership Conference (SCLC), publicly announced prior to his death that he would conduct a massive civil disobedience campaign in the nation's capitol in the Spring of 1968, in an effort to pressure Congress into passing legislation favorable to the Negro.

[REDACTED] voluntarily furnished the following information to a Special Agent of the Federal Bureau of Investigation:

Since the assassination of Dr. MARTIN LUTHER KING, JR. in Memphis, Tennessee, the SCLC has been experiencing administrative and personnel problems. In addition to this, he stated that there appears to be a general lack of enthusiasm among the Negroes for the march on Washington which was originally scheduled for the latter part of April, 1968. It is his opinion that this march may be cancelled and he stated that this is true despite what Reverend ABERNATHY, the new SCLC Chairman has recently said publicly through the news media.

Re Atlanta nitel to FBIHQ and Birmingham, 8/3/76.

Enclosed for FBIHQ are five copies of an LHM plus one Xerox copy of 29 pages of material furnished by the Atlanta Police Department to the Atlanta FBI in April, 1968.

As pointed out in referenced Atlanta nitel, on the morning of 8/2/76, five members of the Task Force of the Office of Professional Responsibility (OPR), Department of Justice, arrived in the Atlanta FBI Office to review Atlanta's file on the MURKIN investigation. All the volumes of this file, namely Atlanta 44-2386, were made available to the Task Force members for their review. During this review, Task Force member JAMES WALKER, on 8/3/76, requested a Xerox copy of two serials in this file, namely 44-2386-1214 and 1215, which consisted of 29 pages of material furnished to the Atlanta FBI Office in April, 1968, relative to people who in the past had threatened the life of MARTIN LUTHER KING. A Xerox copy of this material was furnished to Mr. WALKER. Atlanta is enclosing five copies of this material for FBIHQ with this airtel.

ASSASSINATION OF DOCTOR MARTIN
LUTHER KING, JR.

On August 3, 1976, Special Agent O. Richard Hamilton was interviewed in the Atlanta, Georgia, Office of the Federal Bureau of Investigation (FBI) by four attorneys from the U.S. Department of Justice. SA Hamilton was interviewed regarding the above-captioned matter inasmuch as the case had been assigned to him at one time.

The attorneys asked Hamilton at what point in the investigation the case was assigned to him. Hamilton advised he did not recall the date the case was assigned to him; however, it was after James Earl Ray had been identified and apprehended. They inquired of Hamilton as to how he could insure that all appropriate leads were covered and investigated regarding the assassination of King. Hamilton explained to the attorneys that this investigation was handled as a "Special" in Atlanta, that separate indices were maintained containing the names of all pertinent individuals and organizations which came to the attention of the Atlanta Office in connection with that investigation. He explained the use of lead cards which were maintained in duplicate, that a master lead card was retained with a copy attached to a particular serial containing a specific lead and this was assigned to a Special Agent to cover the lead set out in the serial. He advised the coverage of that lead by the agent to whom it was assigned was reflected through a written memorandum or other appropriate communication with reference made therein to the serial containing the lead. Hamilton advised the agent covering the lead then indicated the

lead had been covered on his copy of the lead card. Hamilton explained that various agents were responsible for conducting neighborhood investigations, contacting or maintaining liaison with local police, and to conducting other pertinent phases of the investigation. He explained the captioned case was the priority investigation in the Atlanta Office at that time and that almost every agent was assigned to working on some phase of the investigation.

The attorneys inquired as to how the FBI developed information that Ray, then known as Eric Starvo Galt, was residing in a rooming house on 14th Street. Hamilton noted that this investigation occurred more than eight years ago, that he has not since reviewed the file and although he was not exactly sure, according to his best recollection the investigation reflected an individual in the apartment area where Ray parked a Mustang automobile saw Ray park it and get in a taxicab. According to Hamilton's best recollection, the ensuing investigation by the FBI through taxicab companies reflected Ray was taken to the 14th Street address. Hamilton assured them this may not be the way it occurred but these were the facts as he recalled them. One of the attorneys indicated that information is not reflected in the file.

The attorneys asked Hamilton what the FBI did with the Mustang which was used by Ray. Hamilton advised them the FBI in Atlanta turned the Mustang over to Memphis, Tennessee, Police officers, who returned it to Memphis. The attorneys asked whether the Memphis Police drove it back or took it in a van, to which Hamilton replied they drove it to Memphis. The attorneys raised a question that since it was not used in the trial of Ray, why the car was turned over to the Memphis Police. Hamilton replied that Ray was tried by the State of Tennessee, and that they requested the Mustang be released to them in the event it should be used as evidence, and this was done.

The attorneys asked Hamilton if it ever became a problem in his mind or a question to the FBI as to how Ray lived from day to day since he was an escaped prisoner.

ASSASSINATION OF DOCTOR
MARTIN LUTHER KING, JR.

Hamilton advised he did not know how Ray lived or his source of income; however, pointed out that Ray has an extensive arrest and conviction record for robbery, burglary, and other crimes and that many fugitives finance their living through armed robberies and burglaries. One of the attorneys asked if Ray committed numerous robberies, would he not get caught, and then the attorney asked what the solution rate usually is regarding the offense of robbery. Hamilton advised him he understands the Atlanta Police Department has about a 50 percent solution rate on robberies and a lesser percent on burglaries and that this was probably about in line with the solution rate for these crimes in most cities. Hamilton also pointed out that Ray had resided in various other areas of the country while in his escaped status and that he was not personally aware of investigation conducted by other field offices regarding Ray's source of income.

In response to Hamilton's inquiry of them as to what they felt would be Ray's source of income, they replied that it was possible that Ray had been paid by someone to kill King in which case there would be a conspiracy, which would present a problem for the FBI. Hamilton advised them that investigation by the FBI in Atlanta was always alert for evidence of a conspiracy, that no such evidence was developed during the investigation in Atlanta, and that if such evidence had been developed, it would have been thoroughly investigated.

The interview was concluded at that point. The interview lasted from approximately 12:00 noon to approximately 12:20 PM on August 3, 1976.

PURPOSE:

To secure approval for expediting the deliveries to the King estate of FBI communications by excising classified information from them rather than following full "classification review" procedures.

SYNOPSIS:

We are initiating project in fulfillment of Attorney General's (AG) instructions to furnish King estate all documents concerning King previously given to the Senate Select Committee (SSC). All classified information will be excised. Large volume of material involved. As the AG has instructed expeditious handling, we will work from material already segregated and maintained by SENSTUDY 75 Project. In connection with EO 11652 (Classification of National Security Information), processing of material for dissemination under Freedom of Information and Privacy Acts (FOI - PA) and other dissemination generally calls for a "classification review" whereby every original document in file is assessed for classification on a paragraph-by-paragraph basis and appropriately marked. Because of expedite nature and large volume of material in King estate request, we propose to merely excise classified information from our copies of the documents we gave to the SSC, rather than following full "classification review" procedures.

DETAILS:

As you are aware, we are initiating a project whereby, on instructions of the AG, we will be furnishing to the King estate copies of all communications in our files concerning King which we had previously furnished to the SSC. Procedures being worked out with the Department to implement those instructions include our excising, among other data, all information of a classified nature. An extremely large volume of material is involved as the SSC King inquiry was very broad and the Department desires us to include considerable peripheral material in responding to the King estate request. The AG has asked that this endeavor be expedited and that we make deliveries to the King estate (through the Department) as we complete processing of various segments of the whole.

Memorandum to Mr. T. W. Leavitt
Re: Martin Luther King, Jr.
100-106670

In order to readily identify the material we furnished to the SSC concerning King, including the peripheral documents, we will be using as a working base the copies maintained by the SENSTUDY 75 Project. We will thus be able to bypass the very time-consuming step of locating the originals of these documents in our files. The Department is in agreement with our intention to follow this procedure.

In connection with Executive Order 11652, we generally follow the practice when making current dissemination (such as under the FOI - PA and other types of dissemination) of making a "classification review" of every document. This involves locating the original documents in our files and making a paragraph-by-paragraph assessment as to classification and then adding the appropriate markings to the documents in file. However, in order to expedite the processing of the voluminous material involved for the King estate, we are proposing that we merely excise the classified information from copies maintained of the documents given to the SSC, rather than following full "classification review" procedures involving original documents.

PURPOSE: To advise of "Departmental views" concerning information in our files regarding associates of King and how it is to affect our furnishing FBI documents to King estate.

SYNOPSIS: We are negotiating with Department guidelines to follow in preparing FBI documents for delivery to the King estate. Guidelines incorporated into a Memorandum of Understanding (MOU) furnished to Department for Attorney General (AG) concurrence. Tentatively, privacy issue as to third parties to be handled by excising from documents derogatory information but leaving names in. Discussion with Steve Blackhurst, Assistant Special Counsel for Intelligence Coordination, revealed that certain information which FBI has traditionally included in documents relating to subversive backgrounds of individuals because FBI considered such information as derogatory in a security sense, is not considered by Blackhurst as derogatory. Blackhurst was advised that if we are to properly process the documents for the King estate it will be necessary for the Department to furnish a definition of "derogatory." Blackhurst agreed, intends to confer with other Department components and Bureau will be further advised.

Memorandum to Mr. T. W. Leavitt
Re: Martin Luther King, Jr.
100-106670

DETAILS: By way of background, we are presently negotiating with the Department guidelines for our implementation of an AG instruction to furnish to the estate of Martin Luther King, Jr. copies of all FBI documents previously given to the Senate Select Committee on Intelligence Activities. A principal element in negotiations relates to what should and what should not be excised from the documents prior to delivery to the King estate (classified information, identities of informants, etc.). The attorneys on behalf of the King estate are Harry Wachtel and Stanley David Levison who were advisors to King and who are prominently mentioned in many of the documents involved. We have been working with Michael E. Shaheen, Jr., Special Counsel for Intelligence Coordination, and his assistant, Steve Blackhurst in arriving at guidelines to be followed in this project which consists of our reviewing and processing for delivery about 2 to 2½ file cabinet drawers of materials.

On 8/5/76 [REDACTED] who is coordinating this matter, hand delivered to Blackhurst a Bureau letter to the AG and an accompanying MOU by which we intend to formalize our negotiations and obtain the AG's concurrence with the MOU. A critical item in the MOU relates to privacy and states that names of individuals other than King will not be excised but any derogatory information about them will be excised. [REDACTED] took the occasion of the delivery of the MOU to raise with Blackhurst possible special considerations concerning Wachtel and Levison inasmuch as they are mentioned in documents and are also the King estate attorneys in this matter. [REDACTED] inquired as to whether their names and information about them should be treated any differently in the processing of the King documents. Blackhurst did not think so and discussion ensued as to type of information concerning Wachtel and Levison appearing in the documents. [REDACTED] commented that some of the documents will undoubtedly characterize Wachtel as having been a member of the National Lawyers Guild, an organization cited as a communist front by the former House Committee on Un-American Activities. Blackhurst replied that such information should not be considered as derogatory. [REDACTED] then referred to the fact that Wachtel's wife had once been reported to be a member of the Communist

Party and such might appear in the documents. Blackhurst said that he recalled that such information is in some of the documents but that, again, it should not be considered as derogatory.

At this point [REDACTED] told Blackhurst that he did not intend to argue the merits of the position which we have traditionally taken over the years in our security reporting; namely, that such information as cited above is included because it is considered derogatory, in a security sense. b7(c)
b7(c) [REDACTED] pointed out that as there is such a wide variance in understanding as to the meaning of "derogatory," the views he just expressed versus Blackhurst's expression, it was believed best that the Department define "derogatory" as it is to be used in implementing the privacy aspects of the documents. Blackhurst agreed and said he desired to confer with Department experts in the Freedom of Information and Privacy Acts fields and others. It was then agreed that the Department, in responding to our letter to the AG asking for concurrence with the MOU, would also furnish the necessary definition of "derogatory" or other information to guide us in processing the documents.

Another matter discussed with Blackhurst and on which full agreement was reached concerned the fact that some of the documents will contain material completely extraneous to King. We will be excising such information from the documents we process.

ADDENDUM: INTELLIGENCE DIVISION 8/9/76 [REDACTED] b7(c)

The following information resolving the problem discussed herein was telephonically furnished to SA [REDACTED] by Mr. Blackhurst, 4:30 p.m., 8/6/76. b7(c)

Blackhurst discussed the privacy issue problem and the matter of "derogatory" material with other Departmental officials and, on their advice, he telephoned Levison. Blackhurst told Levison that, normally, there would be excised from the documents information which is of a personal nature or derogatory, and that this would include information as to the personal life of an individual and also concerning their political associations. It would include information concerning a person belonging to a "far left" or "far right" type organization and Blackhurst used as an example the Ku Klux Klan. Blackhurst told Levison that some of the documents involved had information concerning him, as well as concerning Mr. and Mrs. Harry Wachtel, and that if information of a derogatory nature concerning these three individuals is to be left in the documents, it would first be necessary for Levison/Wachtel to furnish the Department a letter to that effect. Levison took the matter under advisement and then called Blackhurst back and told him that the Department would receive a letter consenting to have the derogatory information concerning Levison and the Wachtels left in the documents.

On the basis of the foregoing, Blackhurst advised [REDACTED] that we could go ahead with our project and to leave the derogatory information concerning the three individuals in the documents unless it called for excision for such other reasons as classification or protection of sources. As to all other third parties, Blackhurst advised that the Bureau could operate on the basis of its traditional understanding of the term derogatory. The Bureau will be furnished a letter from the Department indicating the AG's concurrence with the MOU and advice concerning the written consent which the Department is to receive. b7(c)

TO : DIRECTOR, FBI (~~100-106670~~)
Attn: Security Asst. Dir. Program
Intelligence Bureau
FROM : SAC, NEW HAVEN (157-818) (C)
SUBJECT: "MURKIN"

DATE: 8/2/76

Re Bunitels, 7/29, 7/30/76.

Enclosed herewith for the Bureau are all serials contained in NH 157-181, main file on "MURKIN", and description of contents in Sub-A file. As per instruction in Bunitel 7/30/76, only page one of serials previously sent to Bureau are enclosed. New Haven Sub-A file contains photographs only. In view of poor production on xerox only description of contents of Sub-A file are being set forth.

The following discrepancies are noted. (1) Serial 287 is missing. A review of NH 100-18410 disclosed that serial 115 of that file captioned, "MARTIN LUTHER KING, SM-C, OO: AT", was previously designated for NH 157-818 but changed to 100-18410. It is not known if the second copy was designated for 157-818 or destroyed in consolidation program, which sought to maintain only one copy of a communication in each file. (2) Mis-serialization due to clerical error - It is noted that a large gap appears between serial 178 and 199 which at first glance would indicate these serials are missing. However, in view of the date sequence and the numerical writing over the block stamp of serial 178, it is obvious that a clerical error was made - the misconstruing of 178 to be 198, and the error consistently carried on to the completion of the file.

As you are aware, pertinent aspects of this Bureau's investigation of Martin Luther King, Jr., are presently undergoing review by a Departmental Task Force from the Office of Professional Responsibility (OPR) led by Mr. Fred G. Folsom, Jr. This review is a continuation of a partial review of this matter undertaken under your supervision in December, 1975 and which included Deputy Assistant Attorney General James P. Turner and former Criminal Section Chief, Robert A. Murphy, who has since terminated his employment with the Department.

EX-100

REC-13

100-106670-4241

As you know, review of the King investigation, of necessity, must include certain related investigative files including that of Stanley David Levison who served as an advisor to Martin Luther King, Jr., during his tenure as President of the Southern Christian Leadership Conference (SCLC). During your group's review of the King matter, access to the Levison case file was given to you, Mr. Turner and Mr. Murphy with the understanding it contained most sensitive information as it pertains to a most delicate and ongoing investigation involving a number of highly placed confidential Bureau informants.

AUG 13 1976

Information concerning the sensitivity of this information and of the importance of the continued confidentiality of the informants involved was also made available, through oral briefings, by representatives of this Bureau, to Michael E. Shaheen, Jr., Counsel, Office of Professional Responsibility and his assistant Steven K. Blackhurst.

In recent discussion with current Task Force leader Mr. Folsom, he initially concurred with this Bureau's desire that the present Task Force review of the Levison case file be restricted solely to him. The Bureau's desire in this matter is a result of continuing concern for the sensitivity of information contained in that case file and the Bureau's desire to avoid additional proliferation of this highly sensitive information outside the FBI.

On July 22, 1976, Mr. Folsom indicated that in discussion of this matter with his colleagues on the Task Force they had decided the Bureau's request for restricted review of the Levison file was unacceptable. Mr. Folsom stated that in the event this Bureau continues in its desire to have this review restricted to him alone that a request should be made to the Attorney General in order to obtain a specific order to that effect.

It is this Bureau's keen desire to restrict access to the Levison case file to Mr. Folsom for reasons as set forth above and it is respectfully requested that a written concurrence from the Attorney General supporting this Bureau's position be furnished at the earliest possible time. It should be noted that review of the Levison case file by one person would not present an overburdensome workload inasmuch as that file consists of approximately 14 sections.

Re Bureau teletypes, 7/29/76 and 7/30/76.

Enclosed are Xerox copies of each serial contained in Tampa file 157-3231 captioned, "MURKIN" with the following exceptions: serial numbers 124, 161, 193, 349 and 531, which appear to be cases of missed serialization. Review of the file failed to locate them as misfiled and no references were located that would tend to identify them.

Serial number 209 is missing. Search of the file and pertinent areas in the Chief Clerk's Office failed to reveal its existence. It is noted that serial number 209-A references number 209. Serial 209-A, a Xerox copy of which is enclosed, is a handwritten memo reporting results of an interview with [REDACTED] Clearwater, Florida. Serial number 209-A indicates that [REDACTED] reported information concerning an individual who sat next to her at a Woolworth Store lunch counter, whom she believed resembled ERIC STAVRO GALT. She was unable to identify a photograph of GALT as being identical with the individual observed by her. It appears from the fact that the results of this interview were serialized as number 209-A, the missing serial number 209 pertains to the initial contact by [REDACTED] with the FBI to indicate that she had some information concerning this case.

SUBJECT: MARTIN LUTHER KING, JR.
 BUDED 8/9/76

Re Bureau nitel, 7/30/76.

Enclosed for the Bureau is one copy each of 477 serials which comprise the "MURKIN" file (44-769) in the Jacksonville Division. It should be noted that serial 394 is not enclosed as there is no serial 394 in the Jacksonville file. Perusal of serials before and after serial 394 indicated in all probability the absence of serial 394 was the result of a skip in serializing and is not a missing serial.

Also enclosed is one copy each of 18 1A's as well as 1A envelopes. In addition, there is enclosed four 1A envelopes for 1A1, 1A11, 1A14 and 1A15. 1A1, 1A11 and 1A14 were sent to the Bureau on 4/10/68, 4/26/68 and 5/2/68, respectively. 1A15, a photograph of ROY M. ROGERS and wife JEAN was returned to the contributor on 5/2/68.

MARTIN LUTHER KING, JR.

Reference is made to your letter of July 14, 1976, captioned "Request of the Estate of Dr. Martin Luther King, Jr.," instructing that certain material concerning King previously furnished to the Senate Select Committee on Intelligence Activities (Church Committee) now be furnished to the King estate.

Because of the complicated and sensitive nature of this matter as well as the large volume of material involved, discussions have been held between representatives of the Department and this Bureau for the purpose of establishing necessary guidelines and resolving many obvious problems related to the implementation of these instructions. These are dealt with in a Memorandum of Understanding (MOU) which is submitted herewith for your concurrence. Pursuant to your request we are coordinating this matter with the office of Mr. Michael E. Shaheen, Jr., Special Counsel for Intelligence Coordination.

In addition to those matters covered in the MOU, it is believed that recognition should be taken of the following:

During a discussion of this matter on July 20, 1976, with Shaheen, he observed that this matter was not to be handled as a Freedom of Information Act or Privacy Act request and that the usual appeal procedures provided for by those Acts would not be available to the King estate.

On July 27, 1976, Mr. Steven Blackhurst, Assistant Special Counsel for Intelligence Coordination, advised a representative of this Bureau that although it was first believed that the King estate would provide some written consents from individuals whose names appear in the King documents (referred to in paragraph 1 of referenced letter), such consents are not now expected and we may address the matter of privacy in the manner indicated in the MOU.

The Attorney General

As you are aware, we are presently engaged in other urgent matters relating to the King case. One concerns the two civil suits pending regarding the electronic surveillance of King (referred to in paragraph 2 of referenced letter). The other concerns the review of the King case and related matters by a Departmental task force under the direction of Mr. Fred G. Folsom, Jr. These endeavors are engaging most of our personnel who are familiar with and have the expertise to handle the latest request of the King estate. Nonetheless, you are assured that we will give the latest request a high priority for expeditious attention.

Enclosure

1 - The Deputy Attorney General (Enclosure)
Attention: Michael E. Shaheen, Jr.
Special Counsel for
Intelligence Coordination

NOTE:

Initial conference with Department on this matter, 7/20/76, in Shaheen's Office. Present for Department were Shaheen; his assistant, Blackhurst; and James Kieckhefer and Joseph Gross, members of Folsom's task force. Representing the Bureau were P. T. Blake, Legal Counsel Division; T. H. Bresson and D. L. Smith, FOI - Privacy Acts Section, Records Management Division; and for INTD, J. T. Aldhizer, III; P. E. Nugent and [REDACTED]

b1(c)

It was agreed at this meeting that a draft of an MOU encompassing results of discussions would be drawn up by the Bureau, informally reviewed by Shaheen's Office, and thereafter formalized through this correspondence. Such was done and after further discussions between Blackhurst and [REDACTED] the final version of the MOU was prepared and is now being presented to the Attorney General for his official concurrence. ^{b7}

NOTE CONTINUED PAGE THREE

The Attorney General

NOTE CONTINUED:

67(c)
At the 7/20/76 meeting Shaheen indicated that the reason the King estate was asking for materials from FBI files was that the interested parties desire to develop a history or chronology of the civil rights movement and since King was under such intensive investigation by the FBI, it is believed by them that material in our files will serve to fill out the historical record. Shaheen was asked if the Department had anything in writing from the King estate relating to this request and he stated it did not. When it was indicated that the Bureau might expect there would eventually be something in writing, Shaheen nodded assent. However, when [redacted] raised this matter with Blackhurst on 7/27/76, Blackhurst indicated that the Department does not have anything in writing from the King estate and the Department would "just as soon not" have a written request. The Department's reasoning is that it wants to leave the matter informal in order to avoid a law suit and that it would not be in the Department's interest to have the King estate formalize its request.

When asked the basis for the urgency of this matter, Blackhurst being reminded of the other King matter inquiries now tying up our personnel, Blackhurst said it was probably because the estate had originally initiated negotiations with the Department for King materials even prior to the Church Committee entering the picture.

It was also brought to Blackhurst's attention that according to a letter of 6/3/76, from Shaheen to Assistant Director Mintz, the King estate requested Department's permission for access to King materials. Blackhurst was asked whether the "access" request had been changed to one of "delivery" and he stated that it had.

General Observations

In order to expedite the considerable effort required to implement the Attorney General's instructions, and because of the involved processing necessary in making excisions and duplicating the voluminous documents concerned, we are suggesting certain flexibilities be made available to us in processing the material. For example, some administrative markings on correspondence "may" be excised, as distinguished from "will" be excised. Further, to expedite this material, we will for the most part be duplicating by the Xeroxing process documents which themselves are Xeroxes. As a consequence, some of the material for the King estate will not be ideally legible. The Department's cover communication to the King estate should point out this matter and invite the King estate to request clearer copies of any specific documents they desire which, it is anticipated, will be few. We would then locate in our substantive files the originals of these documents and reprocess them for excision. Material to be furnished to the King estate will include only that delivered to the Senate Select Committee on Intelligence Activities (SSC). It will not include material to which the SSC only had access for review purposes.

Identities of FBI Personnel

Names (as well as initials) of all FBI personnel below the rank of Section Chief to be excised. Section Chief level position chosen as line of demarcation as this is consistent with agreements between FBI/Justice Department and SSC for excisions in material made public by SSC, noting additionally that SSC has already made public identities of some higher ranking FBI personnel. In arriving at this agreement very serious recognition was taken of the danger inherent in publicizing names of FBI personnel who themselves, or their families, might thus become targets for physical or other abuse.

Privacy

Names of individuals other than King will not be excised but any derogatory information about them will be excised. If the mere presence of the name in the context of the document as a whole could be considered derogatory to that individual, the name will excised.

Identities of Confidential Informants, etc.

Names as well as information which could lead to the determination of names of the following types of individuals will be excised:

Confidential informants, confidential sources, and persons with whom the FBI had an implied or expressed understanding of confidentiality. Included for excision would be permanent informant and source symbol numbers. Information which will also be excised is that identifying, or which could identify, third agencies, including foreign intelligence agencies as well as all law enforcement agencies.

Third Agency Information

Information originating with third agencies will be excised.

Peripheral Matters

It is recognized that the SSC, in its study of the FBI's investigation of King, was furnished by the FBI numerous materials of a peripheral nature. Examples would include materials relating to the Southern Christian Leadership Conference, Sanitation Workers Strike (Memphis, Tennessee), Poor People's Campaign, 1964 Democratic Party National Convention (Atlantic City, New Jersey), and Stanley David Levison. Therefore, all materials furnished to the SSC in respect to its overall inquiries into the King matter, should be included for delivery to the King estate.

Administrative and Other Similar Data

"Notes on yellow" not to be excised. Handwritten comments by officials, such as Mr. Hoover, not to be excised. Administrative data containing substantive information, not to be excised. Other administrative markings which may be excised include such as Director's routing block, file numbers, Records Management Division markings, autographic initials of approving officials, and copy designations.

Ongoing Investigations

Information which could compromise an ongoing investigation will be excised.

Electronic Surveillances

Where it is clear from any document being furnished that information therein derives from an electronic surveillance, such information will be excised. In following this procedure, it will be necessary for the Department, in furnishing material to the King estate, to voice an appropriate disclaimer; that is, a statement that, despite our reasonable and good faith efforts, some of the information being furnished may have originated with electronic surveillances. Communications relating to electronic surveillances which are administrative in nature, as contrasted with those containing the product of such surveillances, will be furnished. The administrative-type communications would include such items as requests for authority for an electronic surveillance, instructions to install, and the like.

Classification

As only nonclassified information may be furnished to the King estate, classified documents will require review for the purpose of excising those portions on which the classification was based so that the remaining portions of the documents may be furnished the King estate.

Delivery of Material

Two exact duplicates of each document will be furnished to the Department which will supply the King estate one set and retain the other set for Department files. Delivery of material to the Department for forwarding to the King estate will be on a partial proffer basis. Recognizing that completion of the entire project will take some time, we are planning on several partial deliveries. The communication from the Department to the King estate covering documents being furnished will spell out the types of information excised and it will not be necessary for each excision on each document to carry the precise reason although such was done for the SSC. Consequently, such reasons for excisions appearing on the documents from which we will be working may now be excised on those copies to be furnished to the King estate on the basis that such information is not a part of the original document, but rather an administrative message from the FBI to the SSC.

As you know, the estate of Dr. Martin Luther King, Jr., has asked to obtain copies of various materials from FBI files concerning Dr. King. I believe that the Department should turn over to the estate the documents provided to the Church Committee concerning Dr. King. These should be turned over with only such deletions as are necessary to protect the privacy of individuals unless the individual's consent can be obtained and to protect information that is appropriately classified or that would clearly compromise an ongoing investigation. I would like the deletions to be kept to a minimum.

Because there are at least two civil suits pending concerning the electronic surveillance of Dr. King, the Civil Division has recommended that no materials that embody, characterize or describe the contents of electronic overhearings of Dr. King should be turned over to the King estate. I have accepted this recommendation.

Michael Shaheen will coordinate the turning over of documents to the King estate. I think it should proceed as quickly as possible.

NOTE:

Referenced teletype instructed all offices, except those to be visited by the Department Task Force, to xerox serials in its Murkin investigation and forward to FBIHQ by 8/9/76. The Department has requested Murkin files to continue its review as directed by the Attorney General.

Since the Task Force has reviewed Murkin files at FBIHQ duplication can be avoided by having the field office xerox only the first page of serials in cases where a copy of that serial was furnished FBIHQ. This procedure has been coordinated with Fred Folsom, Office of Professional Responsibility Department of Justice, who is leader of the Task Force.

It should be noted that Volume I of the "MURKIN" file concludes with serial 82 and that Volume II commences with serial 183. This matter has been thoroughly explored and it has been determined that it was a clerical oversight on the part of the Butte Office, it being noted that Volume II should have began with serial 83 instead of serial 183.

The above is being called to the Bureau's attention so that this matter can be appropriately brought to the attention of the Departmental Task Force.

APPROVED THEM. THEY ALSO APPEARED TO BE MORE CONCERNED ABOUT THE COINTELPRO AGAINST KING THAN WITH THE INVESTIGATION OF HIS ASSASSINATION. THEY APPEARED CONCERNED OVER THE PROPRIETY OF ACCUMULATING INFORMATION CONCERNING KING'S PERSONAL LIFE AS OPPOSED TO INFO RELATING TO HIS COMMUNIST PARTY CONNECTIONS. THEY WERE ADVISED THAT THE PURPOSE OF AN INTELLIGENCE OPERATION ON EITHER AN INDIVIDUAL OR AN ORGANIZATION IS TO OBTAIN ENOUGH INFO TO EVALUATE THE POTENTIAL THREAT POSED BY THE INDIVIDUAL OR ORGANIZATION TO THE INTERNAL SECURITY OF THE UNITED STATES, AND THAT ALL INFO RECEIVED IS OF BENEFIT IN EVALUATING THE OVERALL THREAT.

THE TASK FORCE ATTORNEYS INDICATED THAT THEY DESIRE TO REVIEW ALL OF THE SECURITY FILES ON KING.

The Attorney General has ordered a review of our King investigations. It is to be conducted by a Task Force of OPR and is a continuation of a previous review by the Civil Rights Division of the Department.

Recipients have been telephonically furnished contents of teletype. Task Force personnel have been advised addresses of offices and appropriate FBI personnel to contact. Recipients have been instructed to refer any questions concerning the review to Deputy Assistant Director J. O. Ingram, who is coordinating the review for the Intelligence Division or SA J.
